

THREE POINTS OF PROTECTION.

Three Point Protect is a complimentary offer, which provides extended on road reliability and lower running costs. This once off scheduled maintenance takes a comprehensive look at key wearing and high-usage components and replaces them – keeping your truck at peak performance.

WHAT'S INCLUDED?

Available on 11l, 13l and 16l engine variants, Three Point Protect will enable replacement of key high-usage and wearable components at 480,000km or 3 years from the date of delivery (whichever comes first), including:

- starter motor
- alternator
- fan hub
- coolant hoses (including coolant)
- belts and belt tensioners
- Diesel Particulate Filter (DPF)
- NOX sensors
- injectors

Terms and conditions apply. Complimentary Three Point Protect offer available on eligible Mercedes-Benz Trucks MY2023 / MY2024 models (on-highway Prime Mover Actros and Arocs, up to 110 tonnes GCM) at 480,000km or 3 years from the date of delivery (whichever comes first). For applications where vehicle servicing is based on engine-hours as specified under the vehicle owner's manual, Three Point Protect is capped at 3 years or 10,000 hours (whichever occurs first from the date the vehicle is first delivered). Valid for new vehicles purchased and delivered before 31 December 2023, unless extended. Offer excludes Rigid, All Wheel Drive (AWD) models, Atego, Econic or Unimog trucks, and National Fleet and Government purchases. The Three Point Protect scheduled service must be carried out in an authorised Mercedes-Benz Truck Dealership. In the event of a complete service contract, service scheduling will revert to the complete contract maintenance schedule.
